exterior

series 49

Weather resistant Polyester TGIC Powder Coatings for **Exterior** or **Interior** Applications.

Features:

Good Weather Resistance
Very Smooth Flow
Good Storage Stability
High Mechanical Properties
Good Coverage

Smooth Glossy

All colors featured in this chart are available as standard products in smooth glossy with a gloss level of 80-90*.

Smooth Matte, Texture

The following standard products are also available for exterior applications:

Smooth Matte	Black RAL 9005	49/80350	20-25*
	White RAL 9010	49/10103	20-25*
	White	49/11350	20-25
Rough Texture Glossy	Nature White	49/11570	
	Black RAL 9011	49/80990	

Other exterior colors in smooth glossy, semigloss, matte and texture may also be found in our other color charts:

Series 38 – Super Durable Polyester

Series 39 – Polyester

Series 59 – TGIC-Free

Metallics

Special Effects

Datasheet: A periodically updated Series 49 datasheet, showing cure parameters, test results, pretreatment information and more is available. Please contact your local Tiger Drylac office, or visit our web site.

Custom Colors: Colors and Finishes not shown in this chart can be custom made in 7 to 10 days.

Specifying RAL Colors: In order to eliminate possible errors in specifying our products, we recommend the use of our product numbers, which not only describe the Series/Chemistry, but also the exact finish selected.

Example: Tiger Drylac Polyester TGIC RAL 5001, Smooth Glossy, product # 49/42210

Please check with your local Tiger Drylac office for assistance with specifications and suitability issues.

*Gloss level according to Gardner 60 deg., ASTM D 523

RAL: Having gained worldwide acceptance over the last few decades, the RAL is the most popular Central European Color Standard used today.

The RAL colors in this chart have been matched as closely as possible. Color chart production methods and influence from heat and light may account for slight color deviation from the actual RAL Standard. This chart therefore can not serve as a standard for RAL color production and is to be used as a guide for color planning and specification only.

To aid in final product selection please contact your regional Tiger Drylac location for a powder coated Q-Panel of the product of your choice.
